# *Peonies*

---

Without any doubt Peonies are the most popular and satisfactory of all the perennials; perfectly hardy, and requiring the minimum of care; an occasional watering in a dry time, and keeping the ground hoed and free from weeds is about all the care they need.

## PLANTING

We recommend early fall planting. If planted early in September the roots are firmly established before winter sets in, and they are almost sure to bloom the following spring, with the exception, that some varieties require two or three years to reach their proper development. Plant so the buds or eyes are about two inches below the ground level, and do not let any fertilizer come in contact with the roots. A light mulch after the ground freezes is advisable the first year.

## FAILURE TO BLOOM

This can be laid to a variety of causes, the principal reason being too deep planting

## RATING

The figures preceding names of varieties, are the rating as taken from the latest bulletin of the American Peony Society, 10 points being perfect.

## PRICES

Prices quoted in this catalog are for large divisions, or one year plants, with plenty of buds and good sized roots, that will produce results in the shortest possible time.

## *Please Note*

**We do not sell small divisions, either one or two eyes. Do not fail to take this point into consideration when comparing prices.**

## TIME OF DELIVERY

We usually begin to forward shipments the first week in September. Orders are filled in rotation as nearly as possible; early orders being given the preference.

## POSTAGE

We prepay postage or express charges on all orders of \$2.00 or over, delivered to your door without any extra expense.

## TERMS

Cash with order, please. Order early to be sure of getting the particular variety you want.

## SUBSTITUTION

We do not substitute unless given this privilege. If unable to supply the variety wanted, money will be promptly returned.

(Exclusive of Collections)

we will add one fine root of our beautiful Luetta Pfeiffer free of charge.

*Irises*

We take pleasure in announcing that our Iris fields came thru the winter in excellent condition and look very strong and robust, many of them being in bloom at this writing May 24th.

**GUARANTEE.** Our stock is carefully checked during the blooming season, and we believe every plant sent out is true to name. Should it prove otherwise, we will gladly replace or refund purchase price.

**QUALITY** All plants sent out are strictly first class, and if planted in July or August, should bloom the following spring, however, it should be remembered that plants are not as large or as well developed in July, as they are in Sept.

**DELIVERY** We beign to fill orders after July 1st until fall. All orders are postage prepaid, but we cannot accept orders for less than \$1.00. Orders for collections not accepted after Sept. 15th.

**PRICES** Our prices will compare favorably with other growers, and are as low as we can consistently sell them. Six of any variety at the dozen rate.

**TERMS** Cash with order, please.

50 of a Variety at the 100 rate.

NOT PREPAID: Prices on Tulips do not include postage or express charges.

Tulips of our own growing. We have accumulated a fine lot of bulbs as nice in size and appearance as the imported Holland stock, but they have become somewhat mixed and we will offer them as mixed only.

Darwin Mixture will include all of the named Varieties in the list above, besides a fine assortment of Rembrandts which are really Darwins. We offer these at the remarkable low price of \$2.50 per 100 or \$20.00 per 1000.

Above prices are net, purchaser paying all transportation charges.

## Choice Gladiolus Bulbs

All orders of \$2.50 or over will be Post Paid in the United States and Canada.

### SPECIAL DISCOUNT

On \$5.00 orders purchaser may select bulbs to the value of \$5.75, on \$10.00 orders purchaser may select bulbs to the value of \$12.00.
